CAMPAIGNS

# MEET THE TEAM 2024/25

# NESS

ACTIVITIES AND  
OPPORTUNITIES OFFICER

# NESS

## #kNOwMore

### The Plan

My campaign aims to encourage young people to take drink and drugs more seriously. Raising awareness around the dangers that drink and drugs can bring them and their loved ones through educational guest speaker talks, awareness events and activities, and policy changes. This is to ensure students feel supported and not frightened when they are seeking help.

## #kNOwMore

## The Action

### Policy Changes

Move from a zero-tolerance policy to a harm reduction approach on the university's student code of conduct and SU byelaws. This is to build a trusting relationship between the students and the university.

### Safe nights out

Through educational guest speakers, consent and bystander training, and spike aware materials. This will ensure students are more knowledgeable on the risks they take and encourages them to think twice about the decisions they make.

### Shifting the conversation

This will de-stigmatise drink and drug conversation and empower students to speak up.

# KIT

## EDUCATION AND COMMUNITY OFFICER

# KIT

## The Plan

Hello everyone, I'm Kit and I'm thrilled to serve as the Education and Community Officer for the 2024/25 academic year. My main goal is to advocate for equal access to education for all students, particularly by addressing barriers to academic progression and working to close the attainment gap.

# KIT

## The Action

I will collaborate closely with student representatives and the Student Voice Advisors to ensure that your input directly influences the decisions made by the Students' Union and the university, to meet the needs of every individual at our institution. My key areas of focus - canteen subsidies, mental health support, and accountability. I encourage you to engage and share any broader changes you would like to see implemented. Thank you!

# BOBOLA

WELFARE AND  
DIVERSITY OFFICER

# BOBOLA

#WeBelong

## The Plan

To demonstrate my strong commitment to the We Belong campaign, I will continue to develop it into the academic year 2024/25. My primary goals this year are to address the awarding gap, enhance the welfare of international students, and promote inclusivity and participation across our campus community.

# BOBOLA

#WeBelong

## The Action

### Addressing the Awarding Gap

I plan to collaborate with both staff and students throughout the university to develop a comprehensive set of tools aimed at mitigating the awarding gap. My goal is to ensure every individual has an equitable learning experience at UoG.

### Enhancing the Welfare of International Students

I will focus on organising events throughout the year to directly support the welfare of our international students. Please keep an eye on my social media for updates on these initiatives.

### Promoting Inclusivity and Participation

I aim to work collaboratively to explore ways in which we can ensure our student groups, events, and networks are inclusive spaces where all students feel a sense of belonging.
